

The Dream Team is Yaiva (Hopi Pueblo/Dine), JayNez (Dine/Cheyenne/Nambe Pueblo), DJ Kiss (Zuni Pueblo), collectively the Dream Team. Yaiva is a hip-hop artist, JayNez is an R&B singer and Kiss is their DJ. They have been traveling Turtle Island doing shows from coast to coast with national headliners and visiting many reservations actively trying to make a positive name for natives.

The Dream Team spread the ideas of one love, unity, native pride and positive self-identity in an accessible, safe and fun environment in a form that many young people respond to. They have been blessed to share their music with many people and enjoy new places and energy from new people. More recently they have been asked to assist in the healing of communities where murder and suicide is at an all time high. They have lived the life of despair and hopelessness being involved in gangs, drugs and worst in their pasts and can relate to the problems, trauma and each have experienced this trauma and loss in their own families too. When appropriate and ask to they speak upon these times in their lives to the youth and elders to let our people know they are not alone in our daily struggles of being Native in this day and age.

Coming from harsh backgrounds has kept the Dream Team grounded and brought them closer to each of their distinct cultures and has brought them together share our gifts with the world. Success in Native communities is often thought of more as a myth than reality, they are determined to disprove that myth. Through each of their struggles they are very proud to say each is a university graduate.
